

# Drill Report — Public Speaking in the Church

## Western Reformed Seminary

NAME \_\_\_\_\_ DATE \_\_\_\_\_

OBJECTIVE(S) \_\_\_\_\_

Ideally, drills should be practiced once a day each. “Practice” means just that—a skimmed exercise is worse than none at all. Work carefully to maximize the time you spend. If you can do these to an “audience,” so much the better. Most of the drills are taken from Anderson’s book: those that are not are given in handouts. A simple checkmark for a completed exercise in the appropriate box is sufficient.
